Gentlemen:

Adult and Family Services works with clients to achieve self-sufficiency through a program called JOBS For Oregon. One part of the JOBS Program is Worksite Training in which people can develop basic work attitudes and/or more specific work skills. The objective of participation is skill development that would enhance their employability.

Federal rules require that the Volunteer doesn't replace a regularly paid employee, so consider the volunteer trainee as a supplemental worker only. Worksite participants may be placed on a worksite for up to nine months, depending on the complexity of the skill being taught and the ability of the participant. The State of Oregon covers the volunteer's Workman's Compensation for the duration of the agreement, and the paperwork is minimal.

The Work Experience program offers employers the opportunity to train future employees and receive their valuable services at the same time. The JOBS Program welcomes your inquiries and participation.

Please call Judie Johnson or Jeri Guida at 963-4113 if you are interested in developing a work experience worksite for the Oregon JOBS Program.
